Ingetraut Dahlberg

Personal Information

Born, Cologne, Germany February 20, 1927.

Early influential publications, including a proposal for complete revision of the UDC. An English language version of this proposal appeared in the Journal of Documentation (vol. 27 (1) (1971): 18-36) as "Possibilities for a New Universal Decimal Classification."

Dahlberg's PhD dissertation, published in 1974 as Grundlagen universaler Wissensordnung, Probleme und Möglichkeiten eines universalen Klassifikationssystems des Wissens (The Universal Classification System of Knowledge: Its Ontological, Science-Theoretical and Information-Science-Theoretical Foundations"), was a history of classification systems, an examination of classification fundamentals and proposed a possible universal classification system.

Dahlberg participated in the founding of the International Society of Knowledge Organization (ISKO) and was that organization's president for many years. In 1974, She founded and edited the Journal of Information Classification, which became Knowledge Organization in 1993. Information Classification became the offical organ of the ISKO. Currently Editor Emerita of Knowledge Organization. Resident in Bad König, Germany. Her library and papers have been donated to the The Maastricht McLuhan Institute (MMI), European Centre for Digital Culture, Knowledge Organisation and Learning Technology in Maastricht, Netherlands.

Educational Information

- University of Frankfurt, Federal Republic of Germany
- University of Wurtzburg, Federal Republic of Germany
- Mary Manse College, Toledo, Ohio, United States
- Ph.D., University of Dusseldorf, Federal Republic of Germany

Positions Held

- Bibliographic compiler, Atomic Energy Documentation Center, Gmelin Institute
- 1963-1970 head of the Library and Documentation Center of the German Documentation Society
- 1964-1965 Groth Institute for Crystallographic Data Documentation, Florida Atlantic University, Boca Raton, Florida
- 1965-1970 Committee on Thesarus Research, Gennan Documentation Society
- 1967 - 69, chair of the Universal Decimal Classification Revision Committee for 03/04
- 1973 - retirement, founding editor, Journal International Classification (post-1993 Knowledge Organization)

Professional Associations

- Deutsche Gesellschaft fir Kassifikation / Society for Classification (DGK), Founder
- Deutsches Institut für Normung (DIN)
- International Standards Organization (ISO) technical committees 37 (Terminology) and 46 (Information and Documentation)

- International Society for Knowledge Organization (ISKO), Founder and past president
- Federation Internationale de Documentation (FID)
- UNISIST (Unesco Intergovernmental Programme for Co-operation in the Field of Scientific and Technical Information) Working Group on Indexing and Classification
- International Federation of Library Associations (IFLA), classification sections
- Committee on Conceptual and Terminological Analysis of the Social Sciences (COCTA)
